

W. ALAN TOMLINSON, B.A., N.D., D.O., D.HOM.

Dr. Tomlinson has, for the past thirty years, provided technical expertise in all areas of product formulation and development. He is a sought after speaker and has lectured to audiences around the world. He is frequently featured on TV and radio. He is currently the Chairman of the Health Products Association and also serves as Chairman of Sportron International, Inc.

JAN DE BENEDETTO, M.SC.

Jan graduated from the University of Notre Dame and majored in Chemistry. He is highly respected as a leading innovator in the formulation and education of the nutritional industry. Jan is recognized as one of the leading authorities in Chinese Herbal Medicine in North America and is also a Certified Master Trainer in Neuro-linguistic Programming. He currently serves as Chairman of the Board of the Swedish Institute for Acupuncture, NY, NY.

MASSOUD ARVANAGHI, PH.D.

Dr. Arvanaghi received his Ph.D. at the University of Southern California in Los Angeles. Dr. Arvanaghi's research has lead him into the fields of molecular biology, nutritional supplements, anti-arthritis and anti-cancer drugs, and has a direct involvement with the FDA. Dr. Arvanaghi is the co-author of more than forty scientific papers, reviews, and patents published in American and European journals.

GARY WHITE

Gary is a highly respected chemist, researcher and scientist who has been responsible for the development and production of nutritional products for over 40 years. He is the author of two published Pharmaceutical Quality Control procedures. He serves on the board of numerous scientific associations and is Sportron's Technical Consultant.

PROFESSOR HARRY FOSTER, PH.D.

Dr. Foster has been a faculty member and professor at the University of Victoria in Canada since 1967. He has authored or edited 235 publications, the majority of which focus on identifying the causes of chronic disease. A few of his publications include:

- "What Really Cures AIDS"
- "What Really Causes Alzheimer's"
- "Reducing Cancer Mortality"

Dr. Foster is recognized as a world expert on immune system disorders and is presently a leader in HIV/AIDS research. His article, "HIV/AIDS - A Nutrient Deficiency Disease" was published in the Journal of Orthomolecular Medicine"

MARK DRAPER, M.D.

Dr. Mark Draper received his qualifications at Guy Hospital Medical School, England in 1979. He is currently practicing as an Integrative Physician specializing in nutrition. Over the past 10 years, Dr. Draper has developed a very successful, broad spectrum, nutritional approach using concentrated food nutrients to "fill the nutritional gap." Recently, Dr. Draper started a "Diploma of Integrative Nutritional Medicine" courses for medical doctors and other professionals.

MICHAEL MOLL, M.D.

Dr. Moll is a medical doctor specializing in emergency medicine, HIV management and integrative medicine. Nine years ago, he took his talent from the emergency room to the small screen and has anchored Top Billing, South Africa's longest running prime time television magazine program. He has received numerous awards including "People's Award for Best TV Presenter in 2008," and was recently nominated as one of South Africa's top business speakers.

In October 2006, Dr. Moll was appointed CEO of Sportron South Africa where he uses his medical expertise and communication skills to educate people on business and lifestyle management.
